

PREDECISIONAL ENFORCEMENT CONFERENCE SUMMARY

Licensee:

Facility:

License No.:

Docket No.:

EA-XX-XXX

On (date), representatives of (licensee) met with NRC personnel in the Region office located in (City, State), to discuss the apparent violations identified in NRC Inspection Report Number . The conference was held at the request of Region (the licensee).

The licensee presented a summary of the causes for the apparent violations and their corrective actions. [This discussion should be expanded slightly if, while the licensee did not use slides or if the slides were incomplete, there is enough information to apply the corrective action factor. If not apparent from the licensee's slides, include: a brief description of the licensee's position, i.e., if the licensee agrees with the findings in the inspection report, or if the licensee takes issue with the potential violation(s); a brief description of significant additions or corrections to the factual information in the inspection report; a brief description of any significant additional information which affects the regulatory or safety significance of each violation.]

The attendance list and the licensee's presentation are attached to this summary. [Include the attendance list and the licensee's presentation materials. Include the NRC's presentation if slides were used.]

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this summary and its enclosures will be made available to the Public.
